WOW!! What a year.

Photo by Graham Brunskill edited by Wayne Emde

While the museum was required to be closed due to the pandemic, the board of directors were still able to accomplish a large number of goals, including sponsoring one cadet with employment this summer.

With the Army Cadet History Site's closure, we were able to post 90% of the [Vernon history and photos on our webpage](#). We are now moving onto getting the rest of the [history lost due to the Army Cadet History Page's closure up and accessible](#).

We were able to raise enough money to not only maintain our current collection but to [cataloging our archives](#).

The board of directors has worked to complete the Strategic plan for moving forward into a larger facility.

All this and we continue to collect artifacts and archival materials to improve the museum.

"What is Christmas?"

It is tenderness for the past, courage for the present, hope for the future."

Agnes M. Pahro
